What's missing? What do you think is most important to include in the Comprehensive Plan?

Once new things
(ex: apartments built)
are in town, let's
keep them
attractive.
↳ Dumpsters on
streets turn off
visitors!!!
I cannot leave
a dumpster on
my property long-
term... why is this
allowed???

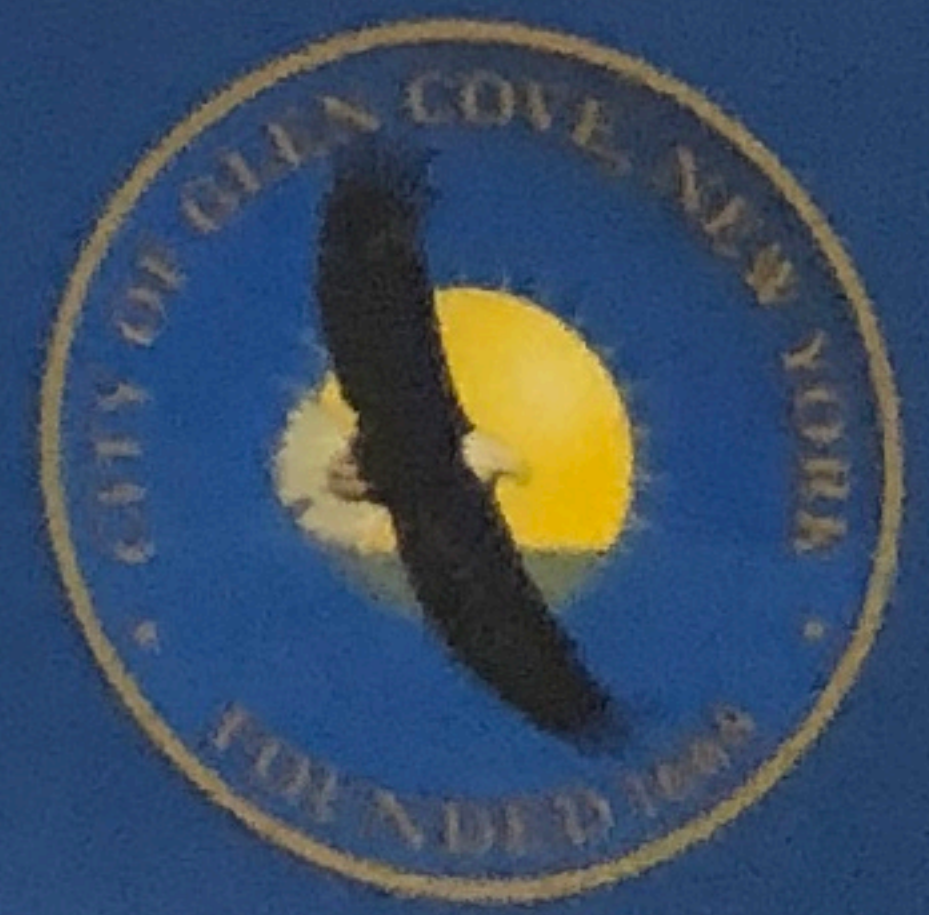

make downtown,
great commercial
district and
make surrounding
area sustainable
walkable place
where people
o nature meet

Provide
55+ over housing
communities
(NOT Apartments)
include recreation
pools, clubhouse,
et.

There is a great
need of a place
to take care of
our homeless
population, support
and care for the help

- More Parking Downtown
- Bring back Factories
Back like we had in
70's & 80's
- Canal Hill (Sustainable)
- Kids Activities/Parks
- Make City more walk
like a walk (ex) Community
Park etc.
